

In Memory of Dr. Robert A. Sills

The dream of one man, who inspired many to follow him, will be realized when the doors of The Walworth Barbour American International School in Even Yehuda open. We have chosen to honor his memory by naming the centerpiece of our school "The Dr. Robert A. Sills Library and Administration Building". It is a fitting memorial for the man who was at the heart of it all.

The students and faculty of ECO.COM have also planned a tribute in honor of our former Superintendent and close friend. They will be sponsoring a tree planting on the new campus in Even Yehuda in late May. The club has selected a 300 year old olive tree from the Galilee to be transplanted at the new campus. This tree has grown steadily and surely for three centuries, and will offer its beauty, shade and olives at the new campus. It will be planted next to the building named in Dr. Sills' honor. Like Dr. Sills, it is unique, has deep roots and will share its fruits of success. On September 9th, at the WBAIS Dedication Ceremony, we will have a beautiful tribute honoring Dr. Sills and his legacy. We hope you will join us.

For those of you who would like to share in the tribute for Dr. Sills and help contribute to the olive tree and building, please fill out the attached form and send it in with your contribution to the cashier's office. The students of ECO.COM appreciate your support in honor of a man who inspired them.
